

2.13 Create a Plan for a Five-Part Chain: Planning Worksheet

Student: _____ Behavior/Trick: _____

In this assessment you will design a training plan for a behavior chain with a minimum of five parts/behaviors. Additional behaviors are optional. The goal behavior should be a chain that must be performed in a specific order. In the first column describe each single behavior in the chain (A through E). Then in the next column describe the cue (e.g. verbal, visual environmental). Then see page 2.
